

International Leak Detection Seminar 2022

F.A.S.T. GmbH invites international customers and interested people for an intensive 3 days' leak detection seminar at our professional training center with own test field at our headquarters in Langenbrettach, Germany.

We transfer latest knowledge about methods and applications for leak detection, in theory and practice. The participants can test and try various different equipment's at our own test infrastructure directly on site and experience best practices from our dedicated training staff.

July 13th until July 15th, 2022 (Wednesday until Friday)

Cost for the 3 days, including accommodation (3 nights: Tuesday-Friday) and all meals is **1100€ per Person**. Transportation from and to the hotel for the 3 days will be organized by FAST. It is recommended to arrive already on Tuesday morning/afternoon, on the day before the training starts. The first joint dinner will be taken in the hotel. Closest airport to Langenbrettach is Stuttgart or Frankfurt. Joint collection can be organized, if required. The course starts at 9:00am on Wednesday and ends at 2pm on Friday.
